1. CONDITIONS OF ENTRY

These Conditions of Entry are written to ensure enjoyment and public safety for everyone. Contravention of any of these conditions may result in admission being refused or removal from Stonehenge. Drunken, disorderly or anti-social behaviour will not be tolerated. Only small amounts of alcohol for personal use will be permitted. In order to ensure personal safety, random searching may be undertaken, but we hope that self-policing and personal responsibility will prevail.

English Heritage reserves the right to refuse admission.

1.1 THE STONES

Please do not climb on, stand or lean against the stones. This is in the interest of personal safety, the protection of this special site and respect for those attending. As well as putting the stones themselves at risk, climbing on them can damage the delicate lichens. This includes the stones that are fallen.

1.2 BAGS

Large bags or large rucksacks, or similar items will not be allowed on site. Small bags/rucksacks (similar size to hand luggage on airlines) will be permitted. Sleeping on the ground creates a trip hazard and in the interests of safety, sleeping bags or duvets will not be allowed on site. Small groundsheets will be permitted.

1.3 FIRES OR FIREWORKS

Please do not bring or light: fires, flaming torches, candles, night-lights, fireworks, and other real flames or bring flammable substances or fuel. This applies to the stones, to the land that surrounds them and to the Solstice Car Park. The nature of this access makes real flame extremely dangerous; it infringes local bylaws/regulations and constitutes a potential fire hazard.

1.4 AMPLIFIED MUSIC

Stonehenge is a world renowned historic Monument and it is seen by many as a sacred site and amplified music is not appropriate. No amplified music will be permitted at Stonehenge, in the surrounding landscape or Solstice Car Park. Acoustic instruments will be permitted.

1.5 DOGS OR OTHER ANIMALS

Please do not bring dogs. Dogs, pets or other creatures are not permitted into Stonehenge except registered Guide Dogs. Apart from potentially upsetting wildlife and stock in the area, animal faeces present a health risk to children and also to people walking barefoot.

1.6 CAMPING OR EQUIPMENT

Please do not put up tents or bring camping equipment, garden furniture, large rucksacks or other large items to the Monument; this includes gas cylinders and barbecues. It also includes trolleys, push chairs or buggies that are not exclusively used for a child, wheelbarrows and any other form of portage.

1.7 BOTTLES GLASS OR OTHER OBJECTS

Please note that glass will not be allowed into the Monument as many people walk barefoot, and in addition, livestock and wildlife also graze in the area. This also includes any other objects that could cause damage to the Monument or people there. **No plastic bottles will be available for decanting, so please decant before you arrive.**

1.8 CAR PARK

In order to ensure that all those who wish to come can share in the Solstice, please park sensibly and only where directed by a steward or police officer to enable us to fully use the Solstice Car Park area. Do not park on the A303 or other neighbouring roads and rights of way. Cars parked illegally will be towed away.

2. PLANNING YOUR VISIT

2.2 CAR PARKING AND ACCESS

The Solstice Car Park that is located close to Airman's Cross just off the A303, (adjacent the A344/A360 junction) will be clearly sign-posted. People will be able to walk the approximate 1km to Stonehenge along a designated route. The route is not lit and you may wish to bring a small battery-operated torch. Subject to weather conditions, coaches and other large vehicles may need to be directed to a hard standing parking area.

The Stonehenge car park next to the Monument will be closed to the public, as will the connecting road (A344). Any cars found parked illegally in the surrounding area will be removed.

2.3 ACCESS FOR PEOPLE WITH DISABILITIES

There will be a taxi minibus service between the Solstice Car Park and Stonehenge for people who are wheelchair-bound, have mobility difficulties or are infirm. The minibus will be available from 2200 hours (10.00pm) on Tuesday 20th June to 0830 hours (8.30am) on Wednesday 21st June. For further information, please ask a car parking steward on your arrival at the Solstice Car Park.

Wheelchair users, accompanied by one carer, will be given access to Stonehenge via the Visitor Centre entry point and the tunnel under the A344. This access route will be closed to the general public.

Wheelchairs will not be provided by English Heritage.

2.4 ROAD CLOSURES

Closure of designated routes and other public highways will be in operation to ensure safe pedestrian passage to Stonehenge and allow unimpeded access in the event of an emergency. Please follow the signs as advised to the Solstice Car Park and Stonehenge.

2.5 CYCLES

Please do not bring cycles to the Monument, they will not be permitted beyond the Solstice Car Park. Please bring your own locking device and park your cycle in the designated area. Ask a steward at the Solstice Car Park entrance for assistance.
